Beginning Sunday, June 12th, we will resume collecting loose change. Collections for the month of June will benefit CBF Kentucky Extreme Build.

This July, Alex will lead a four-week, intensive discussion series based on David Fitch's book, "The Church of Us vs. Them: Freedom from a Faith That Feeds on Making Enemies." If you would like to participate in this Wednesday Night Bible Study series, please RSVP by June 20 and state how many you are registering so that we can order enough books.

The reason for this series is obvious in today's culture. Each year, the state of our union becomes more polarized, and the church is contributing to the disunity. As Fitch writes, "We are indistinguishable from the world." The purpose of this four-week series is two-fold: 1. We must reclaim the Christian mandate of unity and learn to see each other as equals who are important to the Body of Christ. 2. We must lead our world forward by creating spaces that prove it is possible to have differences of opinion while still maintaining unity, civility, and teamwork.

Sign up at www.corbinfbc.org/study or call the office if you would like to participate in these four Wednesday night discussions in July. If you cannot attend every week, that is okay! Sign up anyways!

In Christ,
Alex

Greetings First Baptist Church Members Past and Present,

We have some exciting things taking place at First Baptist Church (FBC) and more to come! If you have worshiped with us recently, you have known and felt the Spirit and energy in the sanctuary each Sunday morning. Our Wednesday night Bible studies share that same Spirit and energy and have been interactive, allowing our worshipers to not only reflect on their own knowledge of the Bible but to do some critical thinking to expand knowledge and personal growth in Christ. Pastor Jeremiah has been eagerly working to expand our Children and Youth worship education opportunities including opportunities that families can practice at home.

FBC is also excited about the activities with our bricks-and-mortar buildings. We have plans to paint the exterior of the church and make some necessary, minor repairs. Most recently, local artist, Kellene Turner, completed a beautiful mural in the Nursery. As you may know, we have begun the tedious process of repairing the sanctuary's stained-glass windows. These windows have provided so much beauty not only to our worshipers but also to the community of Corbin for nearly 100 years! Plans are to have the project completed and the windows back in place in 2023, leading us straight into celebrating the 100 year anniversary of the church sanctuary. FBC has literally been a cornerstone building in Corbin for nearly a century!

We would like to begin compiling a historical look at the life of FBC through those individuals who have actively helped create and maintain the formation of our church, both spiritually and physically. This is where you come in. We are compiling a booklet listing the ways in which FBC members past and present have positively influenced your journey with Christ throughout the life of our church.

We are asking you to identify laypersons who have made a lasting impression on you through their participation at FBC. We also ask that you provide a few words letting us know how and/or why they inspired you or others. This information will then be compiled for publication and made available when we celebrate 100 years of worship in our sanctuary next year.

Forms can be requested from the office or found online. By June 19, please complete the form and submit it to the church office or online at www.corbinfbc.org/windows. As submissions are received, we will begin developing the booklet to identify these remarkable individuals who have lovingly guided us in our Christ journey.

Sincerely,
Stained Glass Window

We are pleased to welcome **Samuel Garr** as our summer music intern through the Berea College Internship Experience program. Samuel, a junior majoring in music, began his internship on May 31st and will continue through August 5th. While performing various musical and other tasks, Samuel's primary responsibility is two-fold: to create a database of hymn texts for use with our worship livestream, and to digitally catalog our church music library. Welcome, Samuel!
